Our boutique luxury home delivering individual care for our residents

## Festive fun in December

We held our annual Christmas Party at the beginning of December, welcoming many relatives and friends of our residents. The celebration was filled with laughter, music, delicious food, and a photographer on hand to capture the special moments. It was truly a wonderful way to begin the festive season.

We were also delighted to receive visits from a local Brownie group, who sang beautifully for our residents. St Mary's School joined us to distribute thoughtful gifts and led a fantastic festive singalong. In addition, a local Scout group came to entertain us. It is always so special to have the younger generation involved in the lives of our residents.

# Christmas is a time for fun and family

In the lead-up to the big day, our Activities Team organised a wide range of fun and engaging activities for our residents. They created traditional

Christingles and proudly showed them to one another in front of our beautiful Christmas tree. We were also visited by a Gingerbread Man, who brought lots of laughter and smiles as they wandered around the home and visited residents in their bedrooms.

We even welcomed some donkeys, much to the delight of our residents! While everyone enjoyed their visit, the team were a little less enthusiastic about the extra clean-up required in the courtyard afterward.

On Christmas Day, our residents were delighted to receive a visit from the big man himself, who handed out personalised presents and made sure everyone felt truly special.

Our festive three-course lunch was enjoyed by many relatives who joined their loved ones at the home to celebrate together. The feedback was overwhelmingly positive, with guests commenting on the delicious food and what a truly lovely day it was.
