Our boutique luxury home delivering individual care for our residents

London Outing!

An adventurous group set off for a day trip to London to visit the Natural History Museum. The team there provided a warm welcome, meeting the group at the entrance and guiding them smoothly into the building. Inside, the group explored fascinating exhibits of incredible scale and were amazed by the age and history behind them. There were smiles all around throughout the day, and although everyone returned a little tired, they were full of happiness after such a memorable experience.

March was a time for stepping into spring

In March, we celebrated Mother's Day together with a lovely afternoon tea.

On St Patrick's Day, we were visited by a giant leprechaun - Sammi indulging in her favourite bit of fun again! Both occasions were filled with love and laughter.

Some of our residents also enjoyed a special visit to Alexander Devine Children's Hospice in Maidenhead, where they saw first-hand the incredible support and environment provided for children and their families when it's needed most. It is a true privilege to support their fundraising efforts.

Our residents have been making the most of the warmer weather, enjoying regular outings for exercise and fresh air. Walking Wednesdays have become especially popular, with small groups of residents and staff exploring the local neighbourhood to stretch their legs and refresh their spirits.

Don't forget to mark your calendar for our upcoming Spring Party on Saturday 25th April! Join us for a delightful afternoon of socialising, fun, and entertainment.
