Fire fighters and Dementia Cafe

We were very lucky to have a visit from the local Fire and Rescue Service who came to the home in one of their engines and spent some time with the residents talking about the dangers of fire. They happily posed for pictures outside with some of our excited residents.

We also held our inaugural Dementia Cafe in partnership with Gerrards Cross Community Association. This was officially opened by the lady Mayor and was enjoyed by all who attended. This will be held monthly in future on the 4th Thursday of the month, it runs from 2-3pm.

Celebrations and awareness

We celebrated VE Day with music, reminiscence and lots of flag waving. We were privileged to hear some of the stories of our residents and their families from during and after the war. It makes you appreciate all those who went before us and what they did to secure our futures. We salute their courage and resilience.

We also had a session for Mental Health Awareness and the lovely residents paid tribute to our caring and dedicated staff team.

On Bee day Sammi once again treated us to the delightful sight of her walking around the home in an inflatable bee costume. The residents and staff were all amused and there were so many smiley faces. The activity team had organised a variety of bee related activities during the day including bingo and painting.
