Feast of St Peter celebration night and Dolly

We attended the Feast of St Peter Celebration Night, where we were thanked for sponsoring the event and had the opportunity to look back at photos from the Feast Day. It was a lovely evening reminiscing about a wonderful day of networking, sunshine and great memories.

We were also lucky to receive some special visits from Dolly, the English Bull Terrier, who belongs to the son of one of our Activities Team members. Dolly was so calm and gentle, and our residents welcomed her with open arms! They loved giving her lots of pats and treats, making her visits a real highlight for everyone.

Lots of exciting activities took place around the home throughout the month. We had a very unusual visitor, Nigel the cockerel! He enjoyed plenty of cuddles with our residents and received lots of attention from staff and visitors, who were certainly surprised to find a cockerel during their visit!
Our residents also got involved in gardening activities as we prepared the garden for the changing season.

The residents and Activities Team made great use of the interactive activity board, taking part in a variety of fun and stimulating games to keep minds active and encourage everyone to get involved.

One of our lovely residents celebrated her birthday with a special trip to the local garden centre, where she chose a beautiful plant to brighten up her room. Another resident also enjoyed the trip to the garden centre, taking time to browse the lovely plants and see what was on offer. Of course, no garden centre visit would be complete without a well-deserved cuppa and a slice of cake to finish off a lovely outing!
